

IV MENU

HYDRATION IV

Hydration is a basic IV that is for those who need immediate hydration. It is 1 liter of Normal Saline which is a common treatment for dehydration, gastrointestinal illnesses, detoxification and POTS syndrome.

MYERS COCKTAIL

Myers Cocktail helps restore and maintain balance in your body. It improves the effects of many conditions such as fatigue, viral/bacterial illness, muscle pain, headaches, etc. It is made up of saline, Vitamin C, magnesium and a host of B – vitamins

WELLNESS IV

Health begins at the cellular level. This IV gives your body a healthy boost. This IV is packed with Glutathione, Vitamin C, electrolytes, B – vitamins, selenium and zinc. These will help keep your health and immune system in check.

VIRUS/FLU IV

This Immune IV is made to boost your immune system, prevent travel related illnesses and fight viral/bacterial infections. It is perfect for the patient that wishes to avoid antibiotics or can be used to augment treatment for infection. It is made of high dose Vitamin C, B vitamins, selenium and zinc and Glutathione. Toradol is added to help with inflammation as well as Vitamin D for an additional immune boost. This combination helps to ward off and/or improve viral and bacterial infections.

ATHLETIC PERFORMANCE IV

Athletic Performance is ideal for the athlete that needs to support their body more efficiently for the physically active person. It provides special components such as – Amino Acids, B vitamins, Vitamin C, Carnitine, Glutamine, Arginine, Glutathione and Magnesium - all which will support your body, mitochondria and muscles.

WEIGHT MANAGEMENT IV

The body needs certain vitamins and amino acids to stimulate or allow the body to release fat stores. This IV utilizes the amino acid blend MIC (methionine, inositol and choline), Carnitine and B12, all which will help improve metabolism and weight loss.

CHEMO/RADIATION/PRE-POST-SURGICAL IV

This is an ideal IV for patients undergoing treatment for cancer or surgery. It contains high doses of Vitamin C, Lipoic Acid, antioxidants and B vitamins to allow for faster recovery and nutrients lost from surgery or chemotherapy.

CHRONIC ILLNESS IV

Chronic Illness IV is ideal for patients suffering from chronic fatigue, cancer, Lyme disease, Epstein Barr, fibromyalgia, Hashimoto's, autoimmunity, mitochondrial issues and Parkinson's. The two most important components of this IV are Glutathione and Vitamin C. These are potent antioxidants that help allow the body to detox and/or fight chronic infection. It is tailored so that the doses escalate over your treatment period to allow for maximum effect.

DETOX IV

Detox IV includes both Glutathione and Vitamin C. Glutathione is ideal for detoxification of unwanted toxins or metals in your body, chronic autoimmune conditions, diabetes, neurologic conditions and cardiovascular disease. Glutathione is the most important antioxidant produced by the body. It protects cells from dietary and environmental free radicals, protects DNA from damage, is supportive during infections and serves as a key factor in detoxification. Lastly, it is critical for proper mitochondrial function and energy production. Vitamin C has been found to be beneficial in many chronic conditions. It helps bolster immune system, a cofactor for the production of neurochemicals for mood/anxiety, supports the adrenal glands, and improves mitochondrial function. It is also a very strong antioxidant.

This treatment is always coupled with ozonated saline to get the most benefit.

DIABETES IV

Diabetes IV helps with oxidative stress related to elevated blood sugars as well as augmenting insulin sensitivity and lowering of A1C. It utilizes ascorbic acid, Glutathione and Carnitine.

HEADACHE/MIGRAINE IV

Headache/Migraine IV is the ideal formula for patients suffering from headaches. It contains all you need to improve blood flow, restore hydration and help with pain. The formulation includes Magnesium, B vitamins, Riboflavin, Toradol (for pain) and Zofran (for nausea).

HEALTHY GUT IV

Healthy Gut IV is ideal for patients suffering from leaky gut, SIBO, candida, colitis, etc. It contains zinc, high dose Glutamine, Glutathione and Vitamin C. Rectal Ozone treatments can be added as well to help augment the IV.

MOOD IV

Mood IV is an ideal IV for mood or anxiety related conditions. It is used to help augment a prescription or supplement used for mood/anxiety. It contains special B vitamins, amino acids, Vitamin C and electrolytes that support a healthy mood.

NEUROPATHY IV

Neuropathy IV is ideal for patients suffering from neuropathy. Lipoic acid has been shown to help heal and repair damaged nerves from diabetes as well as other conditions.

MITOCHONDRIAL IV

Mitochondrial IV works on the “power-house” of your cell called the mitochondria. It utilizes oxygen/ozone, NAD and other B vitamins to help recharge impaired mitochondria or keep your mitochondria primed as you age.

AMINO ACID IV

20% of our body is made up of protein. Protein plays a crucial role in almost all biologic processes in our bodies and amino acids are the building blocks of it. Amino Acid IV gives you the correct blend of amino acids your body needs.
